Crossroads Systems Announces IoDynamix and Integrated Storage Consulting Services as Newest BIA Partners

Two Leading VARs Join Crossroads' BIA Partner Program to Deliver Innovative, Integrated and Cost-Effective BIA Solutions

AUSTIN, Texas – April 18, 2007 – Crossroads Systems, Inc. (OTC Pink Sheets: CRDS.PK), a leading provider of Business Information Assurance (BIA) solutions for guaranteed access, resiliency and security of enterprise information, today announced that IoDynamix, Inc. and Integrated Storage Consulting Services, Inc. (ISCSI) joined the Crossroads BIA Partner Program.

With a recognized specialization in storage and backup technologies, IoDynamix and ISCSI join the expanding network of Crossroads' BIA partners that offer unmatched disaster recovery, business continuity, data protection and data connectivity solutions. Both provide thousands of organizations with the tools to safeguard their data and ensure business continuity, deploying solutions that clients trust at an affordable price.

"As we work to expand our data storage solutions to match customer needs, we partner with only top-of-the-line manufacturers such as Crossroads Systems," said Kees Lawrence, CEO of Lafayette, Colorado-based IoDynamix. "Joining the Crossroads BIA Partner Program empowers IoDynamix to offer Crossroads innovative solutions to our extensive customer base, including government, educational and SMB clients. We're pleased to be a part of Crossroads' BIA initiative, as it supplies a true, unique pathway toward the convergence of storage and security technologies."

"ISCSI welcomes the opportunity to partner with Crossroads Systems," said Bob Voydat, CEO of Denver, Colorado-based ISCSI. "We specialize in recommending products that will improve our customers overall datacenter infrastructure. Crossroads StrongBox, SurePath and NearEdge product lines will help address data security, resiliency and accessibility for our customers. Crossroads' appliance-based solutions offer a simple, time-saving approach to implementing data protection solutions."

"Crossroads has designed the BIA Partner Program to deploy our unique set of innovative solutions through industry knowledge experts. Welcomed additions to the Crossroads BIA Program, IoDynamix and ISCSI offer distinguished specialization and expertise in data storage that strongly support Crossroads' BIA solutions," said Greg Reny, executive vice president of sales at Crossroads Systems. "We're pleased to partner with IoDynamix and ISCSI, as their highly-

praised customer service and knowledge, coupled with proven industry focus, further expands the end-customers reach of our growing BIA product lines. Their hands-on approach to client service and their extensive practice areas surrounding BIA bring considerable value to the program.”

About IoDynamix

IoDynamix, Inc. is a value-added reseller who specializes in Storage Area Networks, Tape Libraries, Primary/Secondary storage, and backup software solutions for the SMB market, educational institutions and government agencies. IoDynamix takes pride in helping customers solve their data storage issues and providing a wide range of solutions with products that are respected for their stability and performance. Since 1993, IoDynamix has been providing customers with technology solutions, world-class service and support to maximize their technology dollars. Visit www.iodynamix.com.

About Integrated Storage Consulting Services, Inc. (ISCSI)

Integrated Storage Consulting Services, Inc. (ISCSI) is dedicated to tailoring data storage, information management and data backup & recovery solutions to the unique needs of the business. ISCSI leverages best-of-breed solutions from industry leaders like Network Appliance, NuView, BakBone Software, CommVault Systems, Hitachi Data Systems and others. ISCSI professionals assist with every aspect of clients’ storage strategy, from inception and design to procurement and implementation, creating a storage infrastructure custom tailored to the business requirements. ISCSI practice areas include: Network Storage, Data Protection, Disk-to-Disk Backup, Business Continuity, Storage Virtualization, Regulatory Compliance, and Information Lifecycle Management. Visit www.eiscsi.com.

About the Crossroads BIA Partner Program

To qualify for the Crossroads BIA Partner Program, prospective partners are asked to complete an application and demonstrate extensive expertise in security and/or storage. Jointly, Crossroads and its selected BIA partners identify regional, national and global sales opportunities for Crossroads’ BIA solutions.

Potential partners should apply online at <https://partners.crossroads.com/access/SignUp.asp>. For more information on the Crossroads BIA Partner Program, visit Crossroads’ Web site at www.crossroads.com/partners/biaprogram/ or contact Jo McCausland at 512-928-7553 or jmccausland@crossroads.com.
