FOR IMMEDIATE RELEASE

Supporting U.S. Troops

*Crossroads Systems Employee-Led Program
Sends More Than 100 Care Packages to U.S. Troops Overseas*

Austin, Texas – February 23, 2010 – Crossroads Systems, Inc. (symbol: CRDS), a global leading provider of solutions to connect, protect, secure and restore data, today announced its employees have shipped more than 100 care packages to U.S. military personnel serving overseas.

Alongside related corporate donations and providing data protection solutions to U.S. government organizations, the employee-led care package effort began as a show of support for Crossroads employees who are currently deployed in Iraq through the Texas National Guard.

"Crossroads employees are giving personal resources and funds to further Crossroads' ongoing corporate support of our nation's troops," said Rob Sims, President and CEO of Crossroads Systems. "Through the personal touch of sending care packages and words of encouragement to both employees and non-employees currently deployed overseas, Crossroads employees demonstrate the caring and collaborative spirit of our company."
